POLICY:

1. To comply with federal and state laws and regulations relating to emergency medical services and Charity Care/Financial Assistance.
2. Provide Charity Care/Financial Assistance to qualifying patients with no other third party payment sources to relieve them of all or some of their financial obligation for medically necessary health care services.
3. Not discriminate on the basis of age, sex, race, creed, color, disability, sexual orientation, national origin, religion, gender identity or immigration status when making Charity Care/Financial Assistance determinations.
4. Ferry County Health does not require you to disclose assets nor do we consider assets as part of the approval process.

Charity Care/Financial Assistance is not considered to be a substitute for personal responsibility. Patients are expected to cooperate with Ferry County Health’s requirements for obtaining Charity Care/Financial Assistance or other forms of payment. Patients who do not cooperate in the process may result in ineligibility of Charity Care/Financial Assistance.

DEFINITIONS:

In order to protect the integrity of operations and fulfill this commitment, the following criteria for the provision of charity care, consistent with the requirements of the Washington Administrative Code, Chapter 246-453, are established. “Appropriate hospital-based medical services” is defined as those hospital services which are reasonably calculated to diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life or cause suffering or pain or result in illness or infirmity or threaten to cause or aggravate a handicap, or cause physical deformity or malfunction and there is no other equally effective more conservative or substantially less costly course of treatment available or suitable for the person requesting the service. For purpose of this section "course of treatment" may include mere observation or, where appropriate, no treatment at all. (WAC 246-453-010).

Charity Care/Financial Assistance means “medically necessary hospital health care rendered to indigent persons when third-party coverage, if any, has been exhausted, to the extent that the person(s) are unable to pay for the care or to pay their deductible or coinsurance amounts required by a third-party payer, based on the criteria in this policy and procedure.”

“Income” is defined as total cash receipts before taxes derived from wages and salaries. Examples such as but are not limited to, welfare, payments, social security payments, strike benefits, unemployment or disability benefits, child support, alimony, and earnings from business and investment activities paid to the guarantor or responsible parties (WAC 246-453-010)

Charity care recipients would be allowed to retain the same non-exempt resources they would retain under the Medicaid program guidelines.

“Partial charity” is defined as a portion of medical charges that can be available under appropriate circumstances, even if a qualification for total charity care does not exist. In addition, "Medicaid liabilities" or share of cost and Medicare deductibles may be considered for charity eligibility.
PROCEDURE:

COMMUNICATIONS TO THE PUBLIC:

1. A notice advising patients that Ferry County Hospital provides charity care shall be posted in key areas of the hospital, including Admissions, the Emergency Department, Billing and Financial Services.

2. Ferry County Hospital will concurrently distribute a written notice indicating the policy to patients at the time that Ferry County Hospital requests information pertaining to third party coverage. This written information shall also be verbally explained at this time. If for some reason, for example in an emergency situation, the patient is not notified of the existence of charity care before receiving treatment; he/she shall be notified in writing or by telephone as soon as possible thereafter.

3. Both the written information and the verbal explanation shall be available in any language spoken by more than ten percent of the population in Ferry County Hospital's service area, and interpreted for other non-English speaking or limited-English speaking patients and for other patients who cannot understand the writing and/or explanation.

4. Ferry County Hospital shall train front-line staff to answer charity care questions effectively or direct such inquiries to the appropriate department in a timely manner.

5. Written information about Ferry County Hospital's Charity Care Policy shall be made available to any person who requests the information, either by mail, by telephone or in person. The hospital's sliding fee schedule, if applicable, shall be made available upon request.

ELIGIBILITY CRITERIA:

1. The full amount of the hospital charges will be determined to be charity care for a patient who's gross family income is at or below 200% of the current federal poverty level (consistent with WAC 246-453)

2. The following sliding fee schedule shall be used to determine the amount that shall be written off for patients with incomes between 200% and 300% of the current federal poverty level. See appendix A below.

Medicaid and Health Benefit Exchange Obligations:

Identification of Patients Eligible for Certain Third Party Coverage

1. For services provided to patients on or after July 1, 2022, the following procedure will apply for identifying patient’s and/or their guarantors who may be eligible for health care coverage through Washington Medical Assistance programs (e.g., Apple Health) or the Washington Health benefit Exchange.

2. As part of the charity care application process for determining eligibility for charity care/financial assistance, Ferry County Health will query the patients as to whether or not they meet the criteria for health care
coverage under the medical assistance program under chapter 74.09 RCW or the Washington Health Benefit Exchange.

3. If information in the charity care/financial assistance application indicates that the patient or their guarantor may be eligible for coverage, Ferry County Health will assist the patient or their guarantor in applying for coverage under these two programs. Per each patient's needs, this includes walking them through the process, answering questions, providing them with the appropriate forms, linking them to an agency representative and/or providing them with the appropriate links.

4. The assistance offered to patients or guarantors may vary. Ferry County Health will take into account any physical, mental, intellectual, sensory deficiencies, lack of access to a computer/internet, language barriers and any other reason that may constitute an unreasonable burden.

5. If the patient or guarantor fails to make reasonable efforts to cooperate with Ferry County Health, in applying for coverage under chapter 74.09 RCW or the Washington Health Benefit Exchange, Ferry County Health is not obligated to provide charity care to such patient.

6. If a patient or their guarantor is obviously or categorically ineligible for coverage through medical assistance programs under chapter 74.09 RCW, or the Washington Health Benefit Exchange in the prior 12 months, Ferry County Health will not require the patient or their guarantor to apply for such coverage.

INCOME AS A PERCENTAGE OF FEDERAL POVERTY LEVEL:

Ferry County Hospital's charity care policy shall be made publicly available through the following elements:
Charity care is generally secondary to all other financial resources available to the patient, group or individual medical plans, worker's compensation, Medicare, Medicaid or medical assistance programs, other state, federal, or military programs, third party liability situations (e.g. auto accidents or personal injuries), or any other situations in which another person or entity may have a legal responsibility to pay for the costs of medical services. The medically indigent1 patient will be granted charity care regardless of race, color, sex, religion, age, national origin, or immigration status.

In those situations where appropriate primary payment sources are not available, patients shall be considered for charity care under this hospital policy based on the following criteria:

1. The previous or current years W-2 tax statements or completed income tax return
2. Pay stubs from all employment during the relevant time period
3. An income tax return from the most recently filed calendar year
4. Written statements from employers

PROCESS FOR ELIGIBILITY DETERMINATION:

---

1 “Indigent persons” is defined as those patients who have exhausted any third party payment, including Medicare and Medicaid, and whose income is equal to or below 300% of the current federal poverty standards, adjusted for family size or otherwise not sufficient to enable them to pay for the care or to pay deductibles or co-insurance amounts required by a third party payer. (WAC 246-453-010).
1. Ferry County Hospital will allow a patient to apply for charity care defined as “Appropriate hospital based medical services” at any point at any time, recognizing that the patient's ability to pay over an extended period may be substantially altered due to illness or financial hardship, resulting in a need for charity services. Emergency room follow up visits are also included in “Appropriate hospital based medical services.” If the financial status is temporary, Ferry County Hospital may choose to suspend payments temporarily rather than initiate further action.

2. **Initial determination:** Ferry County Hospital shall use an application process for determining eligibility for charity care, unless medical indigence has been established by the patients’ qualifying for state Medicaid when the service was rendered requests to provide charity care will be accepted from sources such as physicians, community or religious groups, social services, financial services personnel and the patient. If it is known by the processor that applicant is indigent no application is required.

   - During the patient registration process, pre-registration process, or at any time prior to the final payment of the bill, after the patient has been notified of the existence and availability of charity care, the hospital will make an initial determination of eligibility based on verbal or written application for charity care.
   - Pending final eligibility determination, the hospital will not initiate collection efforts or request deposits, provided that the responsible party is cooperative with the hospital's efforts to reach a final determination of sponsorship status.
   - If Ferry County Health becomes aware of factors which might qualify the patient for charity care under this policy, it shall advise the patient of this potential and make an initial determination that such account is to be treated as charity care.

3. **Final Determination:** The responsible party's financial obligation which remains after the application of any sliding fee schedule shall be payable in monthly installments over a reasonable period of time, without interest or late fees, as negotiated between the hospital and the responsible party. The responsible party's account shall not be turned over to a collection agency unless payments are missed or there is some period of inactivity on the account, and there is no satisfactory contact with the patient (See PA 8010 Private Pay Policy).

   Ferry County Health shall not require a disclosure of resources from charity care applicants whose income is less than 200% of the current poverty level and does require a disclosure of resources from charity care applicants whose income is at or above 201% of the current federal poverty level.

**Disclosure documents are:**

   - Prima Facie write-offs. In the event that the responsible party's identification as an indigent person is obvious to hospital personnel, and the hospital can establish that the applicant's income is clearly within the range of eligibility, Ferry County Hospital will grant charity care. Additionally deceased patients that have no estate could be granted charity care based solely on this initial determination.
   - In these cases, Ferry County Hospital is not required to complete full verification or documentation. In accordance with WAC 246-453-030 (3)).
   - Charity care forms, instructions, and written applications shall be furnished to patients when charity care is requested, when need is indicated. All applications, whether initiated by the patient or the hospital, should be accompanied by documentation to verify income amounts indicated on the application form. Any one of the following documents shall be considered sufficient evidence upon which to base the final determination of charity care eligibility:
• A W-2 withholding statement
• Pay stubs from all employment during the relevant time period
• An income tax return from the most recently filed calendar year
• Written statements from employers or DSHS employees.
• During the initial request period, the patient and Ferry County Hospital may pursue other sources of funding, including Medical Assistance and Medicare. Ferry County Hospital may not require that a patient applying for a determination of indigent status seek bank or other loan source funding.
• In the event that the responsible party is not able to provide any of the documentation described above, the hospital shall rely upon written and signed statements from the responsible party for making a final determination of eligibility for classification as an indigent person (WAC 246-453-030 (4)).

4. Time frame for final determination and appeals:
   • Each charity care applicant who has been initially determined eligible for charity care shall be provided with at least thirty (30) calendar days or such time as may reasonably be necessary to secure and present documentation in support of his or her charity care application prior to receiving a final determination of sponsorship status.
   • Ferry County Hospital shall notify the applicant of its final determination within fourteen (14) days of receipt of all application and documentation material.
   • The patient/guarantor may appeal the determination of eligibility for charity care by providing additional verification of income or family size to the Patient Accounts Manager within thirty (30) days of receipt of notification.
   • The timing of reaching a final determination of charity care status shall have no bearing on the identification of charity care deductions from revenue as distinct from bad debts, in accordance with WAC 246-453-020 (10).

5. If the patient has paid some or the entire bill for medical services and is later found to have been eligible for charity care at the time services were provided, he/she shall be reimbursed for any amounts in excess of what is determined to be owed. The patient will be reimbursed promptly after receiving the charity care designation.

6. Adequate notice of denial:
   • When a patient's application for charity care is denied, the patient shall receive a written notice of denial which includes:
     • The reason or reasons for the denial and the rules to support the hospital's decision;
     • The date of the decision; and
     • Instructions for appeal or reconsideration.

7. When the applicant does not provide requested information and there is not enough information available for Ferry County Hospital to determine eligibility, the denial notice also includes:
   • A description of the information that was requested and not provided, including the date the information was requested;
   • A statement that eligibility for charity care cannot be established based on information available to the hospital; and
   • That eligibility will be determined if, within thirty (30) days from the date of the denial notice, the applicant provides all specified information previously requested but not provided.
8. The Chief Financial Officer and/or Administrator will review all appeals. If this review affirms the previous
denial of charity care, written notification will be sent to the patient/guarantor and the Department of Health in
accordance with state law.

DOCUMENTATION AND RECORDS:

- Confidentiality: All information relating to the application will be kept confidential. Copies of documents that
  support the application will be kept with the application form.
- Documents pertaining to charity care shall be retained for five (5) years.
- A copy of the application form is attached.

Appendix A

Ferry County Health is required by law to have a Financial Assistance Policy for its medical services, without or at a
reduced charge, to eligible persons who cannot afford to pay for care.

The full amount of hospital charges will be determined to be charity care for any patient whose gross family income is
at or below 200% of the federal poverty guidelines. A sliding fee schedule below will be used to determine the amount
discount for any patient whose gross family income is between 200% and 300% of the federal poverty guidelines.

If you think you may be eligible for Financial Assistance, you may request an application from the Business Office
Monday through Friday between 8:00 am and 5:00 pm. Ferry County Health will make a written conditional or final
determination of your eligibility for Financial Assistance within fourteen calendar days of receiving all of your required
documentation.
