

## Curlew Medical Clinic

By Cindy Braley, Clinics Manager

To Our Valued Patients:

After a great amount of thought and consideration it has been decided that the Curlew Medical Clinic will be temporarily closing for an undetermined amount of time. As of September 8th, there will no longer be patient services at the current location. This will also include laboratory services normally available every Tuesday morning.

The providers that serve the Curlew Clinic will be available at the Republic Medical Clinic. This will be starting on September 11, 2017. Our goal is to provide timely appointments for your healthcare needs.

The Providers available are:

- Joseph Petersen, ARNP
- Mari Hunter, ARNP (currently not taking new patients)

- Craig Christopher, PA-C
- Dr. Alrashedy (going to part time)
- Jeannette Bauer, ARNP (part time acute issues only)

While we understand this can be an inconvenience for those needing transportation, we have provided the numbers below for additional resources:

- Ferry County Dial-A-Ride Public Transportation 1-800-776-9026. Reservations must be made by 8:00 am. (This is also for Veterans with VA approved appointments)
- Catholic Charities at 509-684-5671

Please call the Republic Medical Clinic with questions or concerns at 775-3153.
