

Save a Life!

By Lacy Sharbono, Executive Assistant/Medial Staff Coordinator

It's that time of year again! Our first Republic Community Blood Drive for 2018 is on April 3rd from 1:00pm to 4:00pm in the Ferry County Public Hospital District parking lot. This is a great way to give back and save a life. In 2018 we collected 86 units of blood, over 240 lives saved!

To help streamline the donation process, you will receive an email once you are signed up for the blood drive to complete your health history questionnaire. *Please note: the health history questionnaire

Blood Drive!

must be completed the same day you donate. Once you complete your questionnaire you will receive a barcoded Fast Track Ticket that you will need to print off and bring to the Blood Drive bus. They can also accept the Fast Track Ticket from most mobile devices as long as the barcode from the ticket can be scanned. This will save you a lot of time the day of the drive. If you would like to donate please contact Lacy Sharbono at 509-775-8242.
